

# ASL Video Master Vocabulary List

Repeat the videos as often as you need to. Say, sign, and sing along with your students!

This will help to create repetition of routine and memorization quickly.

The vocabulary list will help you to follow along with the ASL videos. You may also use the list to plan more activities, crafts, and studies to extend each theme.

Don't forget, you can also use your printable ASL alphabet and numbers charts for more visual help too!
